

OPERATIONAL PROGRAMME EDUCATION AND LIFELONG LEARNING
CO-FUNDED BY THE EUROPEAN SOCIAL FUND (ESF) AND NATIONAL RESOURCES
NSRF 2007-2015
"ARISTEIA" ACTION

Project DENEА Code: 2780, F.K. D.631

*"Design and Development of New Electron Acceptor Polymeric and Hybrid
Materials and their Application in Organic Photovoltaics"*

6th MONTH MEETING

Department of Chemistry, University of Patras
Tuesday 21 May 2013

Meeting Agenda

10:00 Welcome of Participants

10:10 Short Description of the Project Scopes & Activities

10:20 Presentations of the Individual Research Group Activities

- Polymer Laboratory, Department of Chemistry
- Laboratory for Surface Characterization, FORTH/ICE-HT
- Energy and Environment Laboratory, Department of Physics

Role in the project, Activities during the first 6 months, Future Work

12:00 Invited Lecture Prof. G. Hadziioannou
(Department of Chemistry, University of Bordeaux 1, France)

Seminar Room, Department of Chemistry, Ground Floor North Building

13:00 Discussion, Coordination & Planning for the next 6th Months

13:30 End of Meeting
